Professional Career History	
July 2007 to date	<p>RBT Solutions LLP. Consultant</p> <p>Delivery and business development of professional consultancy services to a range of organisations focussing on PPC, Planning and Waste Management issues in the UK and overseas.</p>
February 2007 – June 2007	<p>National Industrial Symbiosis Programme (NISP), West Midlands Team, Development Manager</p> <p>Developing synergistic relationships between different industrial sectors for sharing resources, reducing waste and CO₂ emissions and disseminating best practice.</p>
March 2003 – February 2007	<p>Enviros Consulting Ltd, Shrewsbury, Senior Consultant</p> <p>Based in Corporate Services division I managed a range of PPC permit application and strategic waste management projects. I also provided technical and practical input for other projects drawing on my extensive industrial experience. In addition, I also supported and undertook compliance analysis, risk assessment, training, tender evaluation and environmental audit and due diligence work.</p>
September 2001 - March 2003	<p>GlaxoSmithKline (GSK) Pharmaceuticals R&D, Waste & Environment Manager</p>

	<p>I managed the in-house environmental operations team at Stevenage and Ware (10 local staff) with responsibilities including operation of a Part A (IPC) clinical waste incineration plant and advisory responsibilities to three other UK R&D sites. I led development of the multi-site environmental strategy, ensuring compliance with both statutory and internal corporate standards. I chaired the environment sub-committee and contributed to in-house environmental training courses. I also contributed to the development of the company-wide waste contractor procurement process.</p>
<p>September 1996 to September 2001</p>	<p>SmithKline Beecham Pharmaceuticals R&D, Waste & Environmental Services Co-ordinator</p> <p>Management of the in-house waste management (Incineration and effluent control) contract awarded to AEA Technology (Annual value £400k) at two R&D facilities; Harlow and Welwyn. I was responsible for managing two Part B Authorised processes, RSA 1993 Certificates and supporting Part A pilot plant</p>
<p>October 1994 to September 1996</p>	<p>Independent Environmental Consultant</p> <p>Drafting waste management licence applications (Hazardous waste transfer station and mineral oil reclamation plant) including working plan preparation, procedures, site appraisal and market research.</p>
<p>March 1994 to September 1994</p>	<p>Geraghty & Miller International, Environmental Chemist</p> <p>Six-month contract including supervising site investigation and contaminated land remediation.</p>
<p>October 1992 to March 1994</p>	<p>Shanks & McEwan/Rechem International Ltd, Technical Waste Controller</p> <p>Provision of technical/chemical support to field sales team, identifying optimum disposal routes e.g. co-disposal, recovery etc for Special and difficult wastes.</p>
<p>August 1989 to July 1991</p>	<p>Hereford And Worcester County Council, Dept. of Engineering and Planning, Inspection and Monitoring Technician</p> <p>Waste disposal site inspection, landfill gas and water quality monitoring, assisting in the preparation of site licences. Enforcement and other waste legal work.</p>
