

## **David Ratcliffe – Consultant Engineer**

David Ratcliffe is an experienced consultant specialising in Civil and Structural Engineering, Project Management, and CDM Co-ordination.

He is a Chartered Member of the Institution of Civil Engineers, and the Institution of Structural Engineers. He is also a Registered Member of the Association for Project Safety, and holds a NEBOSH Certificate in Construction Health and Safety.

David has over 25 years of experience working in a variety of construction sectors, such as industrial and commercial buildings, telecommunications, power stations, nuclear facilities, and waste recycling. His capability covers a range of roles and functions, including Designer, CDM Co-ordinator, Project Manager, Procurement Specialist, and Contract Administrator.

David's proven ability and varied experience, together with a highly developed understanding of project organisations, programmes, and budgets, enables him to consistently deliver value added services to customers.
