

Peter Borodajko - Health, Safety and Environmental Specialist

Peter is an experienced consultant specialising in Health & Safety Management; Environmental Management and Project Management. He is a Chartered Member of the Institution of Occupational Safety and Health (CMIOSH) and is also a Chartered Chemical Engineer (CEng, MIChemE). He is also qualified as an Assessor and Internal Verifier for Waste Management and Health & Safety NVQs.

Peter has considerable experience working as an Operations Manager or EHS Adviser in a variety of industries such as Recycling, Waste Management, Oil and Gas, Chemical Manufacture, Foundries and Transport. His experience spans a range of organisations from Blue Chip to SMEs with a variety of hazard profiles.

Peter's proven ability and varied experience, together with a highly developed understanding of operations management enables him to carry out the role of Health & Safety and/or Environmental Manger in a pragmatic and results oriented fashion.
